

# Luokittelu yläkäsitteiden mukaan

Materiaalin avulla voi harjoitella yläkäsitteitä ja nimeämistä.

Materiaali sisältää 16 yläkäsitteepohjaa ja 96 sanakorttia

Harjoitusohje:

Voit laminoida materiaalin, jos haluat käyttää harjoitusta lottopelinä.

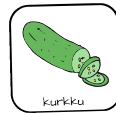

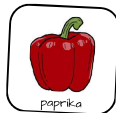

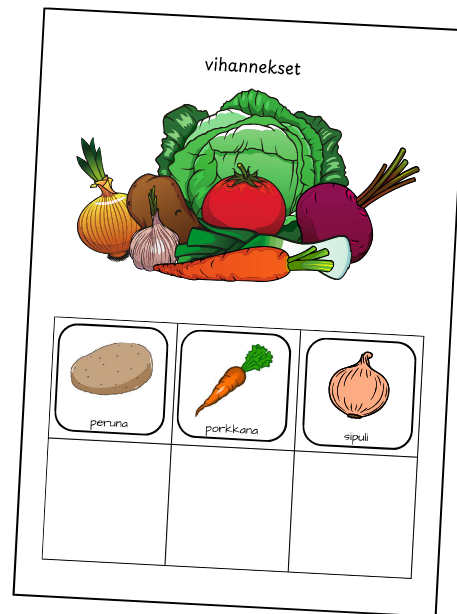

Leikkaa irti kuvapohjat ja sanakortit.

Valitse harjoiteltavien käsitteiden mukaiset kuvapohjat.

Pyydä lasta valitsemaan sanakortti.

Nimetkää kortin asia ja pohtikaa yhdessä, mihin yläkäsiteryhmään se kuuluu.

Liimatakaa tai kiinnittäkää esim. sinitarralla sanakortti oikeaan kuvapohjaan.

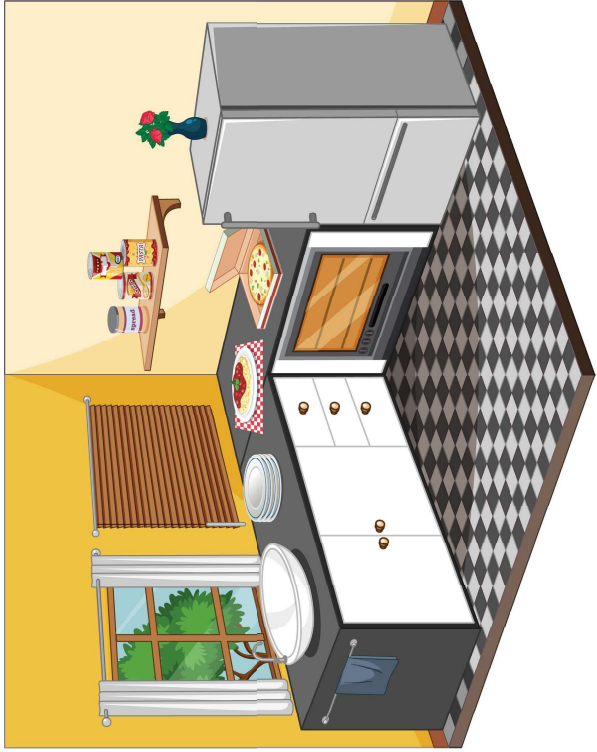

Peli-idea - Lottopeli:

Käyttäkää kuvapohjia pelialustoina. Jakakaa pelaajille omat pelialustat. Laittakaa pelialustoihin kuuluvat kuvakortit pussiin tai pöydälle nurin päin, ja nostakaa kortteja vuorotellen.

Nimetkää kuva ja asettakaa se oikeaan pelialustaan.

Voittaja on se, joka saa oman pelialustansa täyteen ensimmäisenä.
